Thank you to everyone who attended the June Social with the presentation of CPR and AED training. Everyone who attended is now better able to help their family and community. For those who attended, don't forget to download and activate the GoodSam app. For those who were not able to attend, check out the St John Waiheke Facebook page for more 3 Steps for Life training sessions.

The hall has been very busy with events this week including the exceptional Blues Arvo event last Saturday. It is great to have top-class live music right here at our hall. Be sure and watch the calendar, the Gulf News and Facebook for more upcoming events. And let others know the hall is perfect for other musical events.

Hospice Waiheke is conducting a special workshop on Advance Care Planning on 4 July at 1:30 at the hall. This is an opportunity to have all your questions about Advance Care Planning answered.

And very important! The Onetangi Residents Association AGM is Sunday, 28 July at 3 PM

Monthly Social to follow. Please attend and show your support for your community association and hall. Materials for the AGM will be sent out two weeks in advance of the meeting.

Also, special thanks to Bruce Ansley for following up on the Waiheke Rd footpath situation with AT. They are planning to at least monitor pedestrian traffic over the summer. Although there is little chance of a footpath in the short term, they may be able to do something to raise driver awareness. They were not able to identify any relevant crashes over the last ten years and so they "strongly encourage, should any incidents occur, however minor, that they are reported via police 105 or [this form on their website](#)."

What's on at the hall
